Dr. B. F. Bradbury's dog, although not a fully initiated Mason, made up his mind to attend the Council meeting at Bridgton, Tuesday. Thinking that his master might object if he knew of his intention, he managed to keep out of sight until nearly fo Bridgton. Wednesday morning he wished he had not gone for on the way he encountered hedgehogs and was obliged to call on the doctor for surgical treatment. It is understood that he is doing well.

Milk Wagon Upset.

About 9 o'clock Tuesday morning, Benjamin Tucker's milk cart, driven by Will Tucker, was upset at the head of Main street which caused quite a commotion. Mr. Tucker drove up to the watering tub, watered the horse, then turned around and stopped in front of the house occupied by Mr. Bean at the corner of Main and Pleasant streets. While he was delivering the bottle of milk the horse apparently became frightened and jumping suddenly to one side upset the cart and dragged it some rods, being stopped in front of Rev. S. G. Davis' by Mr. Tucker and other men who had gathered.

Both the hind legs of the horse were badly cut and it was thought at first that the cord of one had been cut but such was not the case. It is hoped that the horse is not seriously injured. The horse is a new one recently purchased by Mr. Tucker and cost $200.

Milk bottles were strewn about the street and many of them were broken. The wagon was damaged so as to require some repairs.

Fantail Pigeons.

L. Bartlett, jr., was over Round Pond last fall and after looking about he concluded that pigeons would make a big improvement there. Now Mr. Bartlett is interested in pigeons and he has some very fine fantails at his Lynn home. Pigeons and the care of them is one of Mr. Bartlett's fads or recreations. "I will send you a pair," he said, "after they mate." It is well known that pigeons mate for life, so this is an important event with them.

Friday, the box of pigeons came by express and Mr. Bartlett had put in three pairs instead of one, a black pair, a blue pair and a white pair. Their cote was ready for them, Mr. Bartlett having directed how it should be built. They are now "at home" in the dove-cote and industriously at work with their household affairs. It is hoped in a few days they will have the freedom of "the farm." They are proud birds and with their tails spread out in the form of fans and every feather bristling with importance they are funny little fellows, and step as though they "weighed tons." They are entertaining too with their cute ways.

The Chapman Concert.

The program published in last week's ADVERTISER was the frame-work for the Chapman concert at Norway Opera House, Tuesday evening, but one must have attended the concert to know its musical and artistic excellence.

Arline Glass was particularly delightful in her numbers, the encores being light, dainty selections that went to one's breast at once.

Mr. Henderson also was delightful with the amusing little selections he gave as encores to a number. He was equally as good in those of deeper feeling, when the audience hardly breathed, till he bowed himself off the stage.

Hans Kronold was wonderful and his coming was watched for with pleasure. His accompanying Mr. Henderson at one number was a surprise and delight. He has played here before and it is to be hoped will again.

The accompaniments were given by Prof. Wm. R. Chapman and Hans Kronold. Nearly every number was encored and the applause was loud and long in many of the numbers.

Prof. Chapman talked to the people in his characteristic way. He said these concerts were for the purpose of creating an interest in the great Maine Festival. In short, this was one of the methods he took to advertise the Festival.

The Lorne Elwyn Co. closed a very successful week's business at the Norway Opera House, Saturday night. At the matinee, Saturday afternoon, Doris Foster, daughter of S. C. Foster, was the lucky girl who got the Teddy bear and Cecil Brown the boy who got the bat and ball. Friday and Saturday evenings to The Little Minister and Sherlock Holmes, the hall was crowded. Saturday evening Baby June received a beautiful basket of flowers and Gladys Grey a bouquet.

Dr. Henry Martyn Wells.

Norway people will be interested to read of the last resting place of Dr. Henry Martyn Wells, who spent so many summers at the Lakes and at the Beal's Hotel. The family have bought a home at Titusville, Pa., and this is what the Herald says:—

"In Woodlawn cemetery workmen are engaged in preparing a pyramid of cannon balls above the spot where lie the remains of Henry Martyn Wells, medical director in the United States navy, who died in New York on Jan. 12, 1905, and whose ashes were brought to this city for burial just before Decoration Day last year. Mrs. Wells is visiting at the home of her brother, Frank M. Bettes, and has been spending several days in supervising the work which is in progress. Dr. Wells was for thirty six years a medical director in the United States navy and served during the Civil war under Admiral Farragat. He had the honor of being the first man to acquaint Farragat with the fact of Lee's surrender on April 9, 1865. Following the war he became one of the most enthusiastic members of the Grand Army of the Republic and of the Military Order of the Loyal Legion of the United States.

"Henry M. Wells was born Jan. 20, 1835, in Northampton, Mass. He graduated from Dartmouth college in 1857, and from the medical department of the University of Pennsyvania three years afterward. He was commissioned assistant surgeon in the United States navy July 30, 1861, and rose through the ranks to the position of medical director and captain, the latter commissions coming after the war. He was fifteen years at sea and twenty-one years on shore duty."

SOUTH PARIS.

The Girls of 1776.

A play illustrative of the conditions, customs and costumes in and about Philadelphia in the time of the Revolution is "The Girls of 1776," which was presented by the ladies of the Seneca club, Thursday and Friday evenings.

While the plot hinges on the frustration of a Loyalist scheme to ruin Washington and his army, the human interest of the play centers in the fortunes of Mistress Barbara Steele and her lively friend, Mistress Dolly Darrah, who, disguised as British officers, endeavor to escape to Washington. After various adventures they are discovered, but all disastrous consequences are avoided by the timely capture of Trenton by Washington, and the magnanimous action of those who have the others in their power.

The music was by an orchestra of ten pieces, with Carl S. Briggs as director, and included the best of the local players and a number from Norway. Their playing was fine, and was an attractive feature of the affair.

Financially the results were not all that the play justified, the houses being only fair, but notwithstanding the expensiveness of the production, there was a respectable net surplus, which will be used for the benefit of the reading room.

J. F. Howland was at Mountain View Farm for a few days last week.

The stores and offices will close as usual all day Thursday, Memorial day.

Mrs. H. N. Bolster, who has been visiting her son in Philadelphia for some weeks, has returned home.

The first practice drill of the hose companies will be held during the first week in June between Monday, June 3, and Saturday, June 8, between 7 p. m. and 11 p. m. Probably only one company will be called out a night.

Memorial.

The program for Thursday, Memorial Day, is as follows:

Meet at hall at 9 o'clock a. m., to attend to decorating hall and other work. Dinner at 12 o'clock.

Procession will form at 1:15, led by Norway Band, followed by Wm. K. Kimball Post and ladies of the G. A. R. All school children are invited to join the procession. March to the cemetery, where there will be music by the band and the Schubert Quartette, prayer and short address, and the decorating of graves. From cemetery to High street, by the soldiers' monument, and back to the hall, where music and readings and short addresses will be given.

* * * * *

It was the good fortune of Wm. K. Kimball Post, G. A. R., to secure the services of the distinguished hero of Little Round Top, Gen. Joshua L. Chamberlain, soldier, statesman and educator, to give a Memorial address. That Gen. Chamberlain could not be here on Memorial Day, so that the address had to be given on Sunday afternoon.

The Memorial sermon was given by Rev. J. W. Chesbro at the regular forenoon service at the Baptist church, and was attended by a good delegation of the veterans.

At 2 o'clock p. m., the address of Gen. Chamberlain was given in the Baptist church, and the building, which was all thrown open, making the largest audience room in the village, was filled nearly to its capacity. Wm. K. Kimball Post and the ladies of the G. A. R. escorted Gen. Chamberlain from Hotel Andrews to the church. A number of visiting comrades from other posts were present, so that the line showed over fifty veterans, and nearly as many of the ladies.

The singing for the service was by the Schubert Quartette, which gave selections appropriate to the day. Rev. Miss Macduff of West Paris, Rev. A. K. Baldwin and Rev. Thomas N. Kewley participated in the opening service, and Rev. Mr. Chesbro then with brief but eulogistic remarks regarding the career of the speaker, introduced Gen. Chamberlain, who would, he said, speak on "The Sabbath before the Surrender."

Wallace Clifford of South Paris, a student of Bates college, was a delegate to the Y. M. C. A. convention at Augusta last week.

The new rent over A. E. Shurtleff's new store house when finished will be occupied by Mrs. Charles Clifford and son, George.

Quite a number from here are planning to attend the East Oxford Christian Endeavor convention at Rumford Falls, June 4 and 5.

The scales that were in front of A. E. Shurtleff's grist mill that was burned last year have been moved and are now located in front of his new mill.

Harold Briggs jammed the fingers of his right hand quite badly at the sled factory, Monday. His hand caught in the cog wheel of one of the machines.

The following is the program for the exercises given by the pupils of the Tubbs school, Maude J. Newell teacher:

Tone Up With Good Paint

It is good business to keep property "toned up."

A coat of Pure White Lead Paint not only makes things look better and gives them a higher selling value, but it makes things wear better and gives them a higher value for long wear.

Red Seal
Pure White Lead

gives an opaque, durable coat that protects and preserves from the ravages of time and weather.

Prospective buyers of Pure White Lead have heretofore been subject to much attempted fraud in adulteration and substitution. You are now protected by the Dutch Boy trade mark which is found on the side of kegs containing only Pure White Lead, made by the Old Dutch Process. Look for the boy.

Drunk Again!

His promises were all in vain,
Good resolutions, like the rain
That falls upon a dusty plain
And is absorbed. He's drunk again!

His loved ones wear the blush of shame
And hot resentment like a flame
Flares up, and quickly fades, for blame
Soon dies in hearts where Love holds claim.

The bitter tear drops fall like rain
In secret. Lips must not complain,
The breaking heart, the weary brain,
Must bear in silence. Drunk again!

Think of the fond hopes fondly slain
In loving hearts; the long long train
Of wretchedness. The curse of Cain
Were not more heavy. Drunk again!

Reason has left her proud domain,
That tevered, sodden, senseless brain
Steeped in the fumes of Hell, were fain
To slumber now. He's drunk again.

The luscious fruit, the ripened grape,
From many a vineyard, field and plain,
Are sacrificed to greed and gain
And appetite. He's drunk again.

WEST PORTER.

Charles Cole has bought a new horse.

Farmers here have began driving their cows to pasture.

Mrs. Laura Rogers is working at Charlie Cole's a short time.

R. Libby and son went to Porterfield, Wednesday night, on business.

Farmers have been busy of late getting their ground ready to plant the seed.

One road machine has just got out, but it does not amount to much the way it is run here.

J. T. Libby was at home, last week, plowing. He will return to C. Cole's to work again.

I wish to correct an item in my last. I was wrongly informed about Ivory Danforth having a shock. It was not so.

Mrs. Mary Bickford was through our vicinity with a line of groceries, May 17; also L. H. Tripp was here the 16th with groceries.

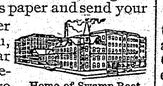

DO YOU GET UP WITH A LAME BACK?
Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Paragraph Pulpit.

BY EDWIN A. RUMBALL.

Last week I did not say all I wished to say regarding the ideal church I will therefore try and finish this time. The ideal church has certain cares; she must be the friend of all the sons of men. This means that excommunications shall cease and fellowship and sympathy reign. No crime shall justify dismission. Who are we to judge righteously? She shall be the friend of sinners; this means an end to the tabooing of drunkards, gamblers, dancers and ne'er-do-wells. If Paul said "Come ye out from among them," Jesus did not, He went in among them. When Christians captivate the theatres and dancing saloons, the evil in them will cease. We must work from within, not from without. The ideal church will not allow the orphans to remain in institutions, the best of which are not homes. In one sense orphan asylums are a shame to a land that possesses thousands of childless homes. If you have a home without a child remember there is a child without a home that you might give. I have spoken of the church as doing all these things, but who shall compose the church? The people without exception. They will be members by virtue of the fact that they are men and women.

Remember the ideal church is not real at present, but why should it not be soon? If the church of God would live it must be modern. He who only lives in the past is dead. God is with us all, with no one more than another, let us therefore hand in hand for righteousness manifest His glorious life.

That Green Cucumber Process.

This letter shows that the ADVERTISER is read and the wonderful happenings among the Oxford hills chronicled in its columns are read and pondered over. We give the letter in full:—

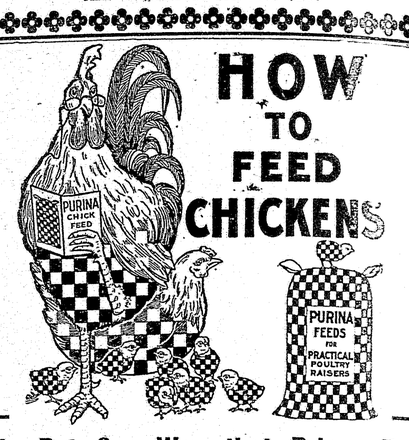

To F. W. Sanborn, esq., Mr. Editor of Oxford Co. ADVERTISER, Norway, Me:—By your esteemed paper which I have received I see that a Mr. Cooke, Barber, Main street, Norway, has found a new process for preserving green cucumbers. Could I be put, dear Mr. Editor, in communication with said Mr. Cooke.

PARTRIDGE BROTHERS,

NORWAY LAKE, - - - MAINE.

DON'T DIE AT 45.

Cure the Indigestion Which is so Liable to Lead to Apoplexy.

People who suffer with headache, giddiness, palpitation, bad taste in the mouth, drowsiness, distress after eating, and any of the other distressing results of indigestion, are in serious danger. Their digestive organs cannot care for the food properly and hence the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure and one is then said to have a "shock," be paralyzed, or die from apoplexy.

In all diseases of digestion and nutrition the prescription called Mi o-na has proven itself of great value. It is relied upon today as a certainity to relieve the worst troubles of indigestion and make a complete cure.

That Mi o-na will cure the worst forms of stomach trouble, cancer excepted, and give quick relief in indigestion is proven by the guarantee Frank Kimball, at the Noyes Drug Store, gives with every 50-cent box to refund the money unless Mi-o-na cures. A guarantee like this must inspire confidence. 20&22.

All Tax-Payers.

Ought to Study Up on This.

A new law on collecting taxes on real estate was passed at the last legislature which is rather surprising to those who learn of it for the first time. Evidently the collection of taxes on real estate is a difficult matter in some towns or cities, or the provisions of the new law would not have been enacted. Here are portions of it:

Chapter 173, section 73—If any tax assessed on real estate, or on equitable interests assessed under section three of chapter nine, remains unpaid on the first Monday of February next after said tax was assessed, the collector shall sell at public auction so much of such real estate or interest as is necessary for the payment of said tax, interest and all the charges, at 9 o'clock in the forenoon of said first Monday in February, at the office of collector of taxes, in cities, and at the place where the last preceding annual town meeting was held in towns. In the case of the real estate of resident owners, the collector may give notice thereof and of his intention to sell so much of said real estate or interest as is necessary for the payment of said tax and all charges, by posting notices thereof in the same manner and at the same places that warrants for town meetings are therein required to be posted, six weeks before such first Monday in February, designating the name of the owner if known, the right, lot and range, the number of acres as nearly as may be, the amount of tax due, and such other short description as is necessary to render its identification certain and plain. And in the case of taxes assessed on the real estate of non-resident owners, he shall cause said notices to be published in some newspaper, if any, published in the county where said real estate lies, three weeks successively; such publication to begin at least six weeks before said first Monday in February.

This means that any man holding real estate must pay his tax on it by the middle of the December next following the April assessment or run the risk of having it advertised. Since the sale of real estate for taxes must take place on the first Monday in February and notice of such sale must be made six weeks previously, we shall have to plan to pay our taxes before December 15. This is no real hardship to the taxpayer in the long run, for it is as well to pay taxes at one time as another, and with the habit once formed of getting that thing done by December 15 each year, it will be easy. But it comes a little hard at first on the collector in getting us broken in. If the tax isn't paid by the middle of December he must either advertise the real estate for sale or waive all right to do so thereafter. He must take the risk of doing it or never. Another new tax law makes interesting reading:

Chapter 166—An act for the better collection of taxes.

That on and after January first, nineteen hundred and eight, all municipal officers of cities and towns in making out their yearly report shall cause to be printed in said report the names and amounts of all delinquent tax-payers which have been committed to the treasurer or collector for collection. The failure for non-performance of this duty shall be not less than five dollars nor more than twenty-five dollars.

Bags in Road Frighten Horse.

One day last week as Mrs. Walter M. Chandler was driving home with three small girls in the wagon with her she came to some bags of feed that fallen from a load unbeknown to the driver. By her bravery she escaped what might have been a serious accident.

The horse was frightened and turned around in the road without throwing out the occupants. Two of the wheels were crushed, but Mrs. Chandler held the reins and stopped the horse with one of the children in her lap.

Her son and wife, Mr. and Mrs. Morris Farrar of Buckfield were there, Saturday night and Sunday.

Our summer residents are expected next week. Mr. and Mrs. Charles Morey, Mr. and Mrs. Richard Tyner, Frank True and family. Frank comes up to his farm often in his auto. He sold from the farm last week eight pairs of oxen that were wintered there, and his men have purchased two pairs of 7 feet, 6 inch oxen to work on the farm.

Is it Right to Trade at Home?

It is the right thing to do. The town as a local market is worth at least $75 a year to the ordinary farmer. Of course the town does not donate him that amount; the town was not built for philanthropic purposes alone, yet he receives an actual cash benefit because the town is here and he is under actual financial obligations to return that benefit by leaving his money with the home town. It is not an obligation that the law would recognize, but is one that appeals to those clean-hearted men of high honor who tell that perfect honesty demands that when benefits are received from stranger or brother, friend or foe, benefits stand to be returned. It is right for the country to spend its money with the home town because of the social obligation between them.

The town is the centre of your community; from it diverges your rural mail service; in it centers your telephone system. On the streets of the town you meet your neighbors during the week and exchange news and experience. You go to it for recreation, for throughout the winter lecture course you hear great orators and high-grade musicians. The political rallies, the church summer associations are held here.

Then some day in the pretty little church, whose spire you can see from your home, your son will preach the gospel. In the brick building three doors from the corner a farmer lad will open a law office, and in the little frame building some blocks away another son from the soil, just home from college will begin the practise of medicine. There is the High school to which you send your children, and then after a while your daughter will teach. And by and by when you find the farm work has grown heavy for your age and you want to be near your children, you will build on some grassy corner lot not far from the church and become one of the honorable town people.

Yes, the town is a mighty good thing to have, a convenient thing, and of course like all good institutions the more you put into it the more you get out of it. It grows according to the trade you put into it, and the more it grows, higher will grow the prices on your land. You know a good town where there is plenty of work for carpenters, brick layers and masons, plenty of work for everybody at good wages, is worth many times as much as the little village where the mechanic and "storekeeper" play marbles in the street.

There is still another stronger reason why the country people spend their money at home is the moral obligation. The town is yours; yours to ruin or prosper. The same sense of obligation should prompt you to support it as prompted our Teutonic ancestors in the forest of Germany to stand elbow to elbow in protection of their village. The same spirit of loyalty should inspire you as fired the Highland Scott to shed his blood for the welfare of his clan.

The country town with all its faults is rightly governed, best enlightened, most moral and happiest spot in civilization. It's a good safe place, not too fast, nor yet too slow. It is the place from which spring most all great business men, lawyers, scholars, physicians, and the place where men are helpful and neighborly.

To the city belongs the mail order houses and the trend of evil. Its corrupt government, over-flow of population, and its depravity; the great city is the menace of our morals and our liberties. The city, like the dragon, swallows the vast throngs of country girls and boys that flock into it, and sooner or later when health and virtue and hope are gone, spews them out to die in want or wander as derelicts over the face of the earth.

The town, my farmer friend, is yours, and don't you see that when you take the money from the country town you destroy the chance of success there and the boys and girls will follow where you have sent the money.

This town of yours was founded on faith in the customs of men for hundreds of years to trade at the nearest town. They put their all in their business, time, money and hope. Their success or failure is in your hands. For your trade they will give you good returns and all will prosper together. They work hard—you scarcely realize how hard—and have pinned their faith to the town. Even if you could save a little by sending away your patronage do you think it is the fair, the right thing, not to trade at your home town with those you know—those whose prosperity and happiness you hold in your hands? Stand by the home town!

Don't forget that Thursday is Memorial Day, that this has been a backward spring and that flowers will be scarce. It would be a nice thing to remember the veterans, who will decorate the graves of deceased comrades, with a few flowers from your own home.

Flag Day, June 14th, will be observed by appropriate exercises in our village school under the direction of Comrade Granville Fernald, assisted by other comrades and with the cooperation of some of the teachers of near by schools.

Mrs. Granville Fernald, who was taken suddenly ill, Tuesday morning of last week, and for a few hours caused great anxiety to her friends, was gradually restored by the efficient treatment of her physician and nurse, and has improved so as to sit up a little each day, but is still confined to her room.

A social dance at Grange Hall a few nights ago which was given for the benefit of the family of Zenas Hneeland, an invalid, resulted in the collection of a goodly sum of money to the credit of our liberal handed people who always respond to the calls of distress, and contribute freely for sweet Charity's sake.

The subject of street improvement by the removal of unsightly brush piles and other useless debris is agitating some of our citizens, and it is sincerely hoped it may result in a thorough cleaning up and removal from our streets of old decaying lumber and material that is offensive to the eye and constitutes a serious menace to the safety of the village from possible destruction by fire.

Mrs. Ella R. Millett, Mrs. M. Adaline Morse, Louise Brown, Mrs. M. Ella Watson and Mrs. Mary C. Smith were representatives of Keoka Chapter, No. 12, O. E. S. to the Grand Chapter of Maine at Portland, May 15-16. While absent from her home, Mrs. Watson visited her son, Dr. Harry Watson and family at Haverhill, Mass. Mrs. Dr. Watson is an invalid and confined to her room, but is reported in a comfortable condition.

The belfry of the Methodist church, which was found on inspection to be in need of repair on account of decayed timbers, has been thoroughly overhauled, and by the use of new material has been put in excellent condition. William Kingman had charge of the work. He is an adept in several lines of mechanical work, and the plastering in the interior repairs of the church. The painting of the audience room by J. C. Mead of North Bridgton is completed, and after other work of upholstery furnishing by the committee, the day for re-dedication will be fixed.

Tonsorial Parlor.

Cleanliness Is Well Enough but May Be Carried Too Far.

"This towel," said the attendant in the germ-proof barber's shop, "has been subjected to an extreme heat and is thoroughly sterilized. We take every precaution against exposing our patrons to infection or contagion."

"Good thing," commended the patron.

"This soap," went on the attendant, picking up the cake thereof, "has been debacterialized, and the comb and brush are thoroughly antisepticized."

"Great scheme," said the patron.

"The chair in which you sit is given a daily bath in bichloride of mercury, while the cushions are baked in an oven heated to 187 degrees, which is guaranteed to shrivel up any bacillus that happens to be there."

"Hot stuff," said the patron.

"The razor and lather brush are boiled before being used, and the lathercup is dry-heated until there is not the slightest possibility of any germs being concealed in it."

"Fine," said the patron.

"The hot water with which the lather is mixed is always double-heated and sprayed with a germicide, besides being filtered and distilled."

"Excellent," said the patron.

"Even the floor and ceiling walls and the furniture are given antiseptic treatment every day, and all change handed out to our customers is first wiped with antiseptic gauze."

"Well, look here," said the patron, who had been sitting wrapped up in the towel during all this, "why don't you go on and shave me? Do you think I'm loaded with some kind of germ that you have to talk to death?"

"No, sir," answered the attendant. "But I am not the barber."

"You're not? Where is he?"

"They're boiling him, sir."

Ayer's Cherry Pectoral is a regular cough medicine, a strong medicine, a doctor's medicine. Good for easy coughs, hard coughs, desperate coughs. If your doctor endorses it for your case, take it. If not, don't take it. Never go contrary to his advice.

Ayer's — We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor.

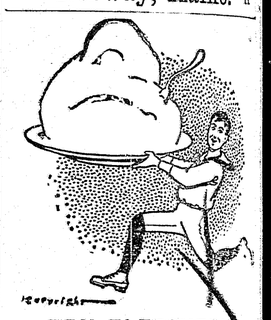

The dose of Ayer's Pills is small, only one at bedtime. As a rule, laxative doses are better than cathartic doses. For constipation, biliousness, dyspepsia, sick-headaches, they cannot be excelled. Ask your doctor about this.

After the program the Grange silk quilt which was on exhibition at the County fair, last fall, was disposed of. F. E. Stone proving himself the best judge on the number of beans in the jar, won the quilt.

After playing games a while, our young people, who are gifted in music, gave quite a "musicale," which was highly appreciated by all. Frederic Robie Grange has lots of good singers, but they have been living too closely to the maxim our grandmothers taught that "children should be seen and not heard." Leave that to others now and let us hear more of our young people's choir.

Those who were so pleasantly entertained said we never had two such good entertainments at one Grange meeting. Good music is essential to hold the interest in all meetings of a social or religious nature and should be more liberally furnished.

WRITE FOR IT TODAY

We want every man or woman who suffers from Rheumatism and has lost all faith in remedies to write us today for an absolutely free trial of the famous Smith Prescription, Uric-O, for Rheumatism. Uric-O will cure it and cure it to stay cured. No faith is required while taking this superb remedy. You take it according to directions, and you will be cured in spite of yourself and any doubts you may have as to its efficacy. We don't ask you to buy Uric-O on faith. We'll buy a large 75c bottle for you and make you a present of it, if you will agree to take it according to directions.

We could not afford to do this if we didn't have all the confidence in the world in Uric-O, and know that after you are cured you would have no hesitancy about recommending the remedy to all your friends and acquaintances who are suffering from Rheumatism. This is the method that has made Uric-O famous wherever introduced. The cure of several so-called Rheumatic Incurables in a community means a steady sale of Uric-O in that vicinity. Uric-O is good for Rheumatism only. It acts upon the blood by driving the uric and poisonous rheumatic acid from the system. This is the only way Rheumatism can ever be cured and it is the Uric-O way. Most druggists sell Uric O, but if you want to test it, cut out this notice and mail it today with your name and address and the name of your druggist to The Smith Drug Co., Syracuse, N. MISS JULIE FLORENCE WALSH

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong?

The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

The Gorgeous East.

Lecture by Frank E. Jackson, Next Sunday Evening.

There is probably no man living better able to describe the sights and scenes he has witnessed in his 40 years' travel around the world than that famous Maine globe trotter, Frank E. Jackson, recently returned after a five years' tour of the orient, nearly three years of which he spent in India, having access to beautiful palaces through the influence of Lord and Lady Curzon, thereby obtaining photos of hitherto unobtainable subjects. Mr. Jackson, a native of Winthrop, has probably seen more of the phases of old world life than any other traveller, and the moving pictures from photos made on the spot of the great Delhi Durbar, with over 1,000 elephants, and others from actual scenes in India form a feature of his illustrated lecture on The Gorgeous East.

The land where diamonds and pearls, ivory, silver and golden furniture abound is interestingly pictured with stereopticon and moving pictures, carrying the spectator by eye and ear through some of the most wonderful of the world's historic places. These pictures are not drawn from fancy, but were taken by a man who has devoted his life to this work, and were never before shown in this or any other country.

Mr. Jackson is a charming descriptive talker and Norway people doubtless read in the Lewiston Journal the series of stories now running of his wonderful career. The lecture will be well worth attending. It begins at eight and the admission will be 25 and 35 cents.

SOUTH WATERFORD.

Little Reward for Inexperienced Toil.

One day during the past week suckers were swarming in the brook up through the meadow to Hamlin's dam. The same day two farmers came down from the hill county on purpose to catch suckers for the appeasment of their hunger for that kind of fish. For hours they toiled and speared at a great many fish, but inexperience in "spearing" made their efforts almost vain. When they were almost ready to quit, with only two suckers for the afternoon's fishing, along came Frank Howard who took the spear and exercised his skill as a spearman so acceptably that in a few minutes he had taken about 20 big fish, throwing them out on the grass as fast as he could handle his spear.

Mrs. Granville Fernald is seriously ill from the effects of a paralytic shock which occurred on Tuesday morning, the 21st inst.

A party from North Bridgton, last week, took 18 handsome bass and three fine salmon, four pounds each, from Echo lake in a few hours.

Leon York, Carroll Sanborn and Will Kingman attended the recent meeting of Grand Lodge, K. of P., at Portland, as delegates from Spring Valley Lodge.

Rev. S. G. Davis of the Universalist church, Norway, preached here Sunday the 19th, to an appreciative congregation, by exchanging with our pastor, Rev. E. A. Rumball. He gave us an excellent sermon from the text, "For Christ is our life."

The event of next week is the public auction at the residence of the late W. H. Nevers. The day, Wednesday, June 5th, the time 10 o'clock sharp, the place, ½ mile from South Waterford village west on the Sweden road. All the household furniture, farming and shop tools and special articles belonging to the estate will be sold. Many of the things are odd and old-fashioned. If stormy sale postponed until next fair fair day. Albert D. Park, auctioneer.

Newell Thurlow.

Newell Thurlow died at his home in Hillsborough, N. H., May 21, following an operation for appendicitis. Mr. Thurlow had been sick for nearly two weeks and was apparently getting better until Sunday noon, when the disease showed alarming symptoms and a consultation of doctors decided that an operation was necessary and it was performed Monday morning. Mr. Thurlow rallied from the operation but gradually sank until the end came Tuesday morning.

The deceased was born in South Woodstock, Jan. 30, 1879, the son of Franklin and Phoebe (Lane) Thurlow. Here he spent his boyhood days but went to Hillsborough about 12 years ago, where he had a sister. He again returned to Maine and enlisted in Co. D, 1st Maine Regiment for the Spanish war and went with his regiment to Chickamauga. About seven years ago he returned to Hillsborough and was employed as a weaver in the woolen mills. Five years ago he married Cassie, daughter of Mr. and Mrs. Horace Richardson.

Mr. Thurlow was a young man of the best of habits, universally liked by all his associates and had made for himself a large circle of friends, who deeply mourn his untimely death. He was a member of Valley Lodge, North Star Encampment and Hope Rebekah of the Odd Fellow fraternity.

Besides a wife, he leaves a mother and two brothers, Fred and Edward in South Woodstock and a sister, Mrs. W. C. Bosworth in Hillsborough.

The funeral was held Thursday, May 23, from the Methodist church, Rev. Mr. Cairns officiating and was largely attended by friends, associates in the mill and the several branches of Odd Fellows, their burial service being used. There was a profusion of flowers including a plaque of roses with white dove from his wife; set piece, three links, Valley Lodge; encampment emblem, North Star Encampment; spray of pink roses, Hope Rebekah; very handsome piece, open Bible, Methodist church; basket of flowers, D. of L.; spray of roses, Mrs. Richardson; spray of roses, Mr. and Mrs. Albert Craige; spray of calla lilies, Mr. and Mrs. Bosworth and brothers; roses, Miss Cram and Miss Lacey; lyre with white dove, shopmates; pinks, Scott McAdams; pink pinks, Mr. and Mrs. H. B. Currier, besides a large number of bouquets. Burial was in Deering cemetery at Hillsborough.

REACH THE SPOT.

To cure an aching back,
The pains of rheumatism,
The tired-out feelings,
You must reach the spot—get at the cause.

In most cases 'tis the kidneys.

Doan's Kidney Pills are for the kidneys.

Charles Bierbach, stone contractor, living at 2625 Chestnut St., Erie, Pa., says: "For two years I had kidney trouble, and there was such a severe pain through my loins and limbs that I could not stoop or straighten up without great pain, had difficulty in getting about and was unable to rest at night, arising in the morning tired and worn out. The kidney secretions were irregular and deposited a heavy sediment. Doctors treated me for rheumatism, but failed to help me. I lost all confidence in medicine, but Doan's Kidney Pills relieved me so quickly and so thoroughly that I gladly made a statement to that effect for publication. This was in 1898, and during the six years which have elapsed I have never known Doan's Kidney Pills to fail."

A FREE TRIAL of this great kidney medicine which cured Mr. Bierbach will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

NORTH WATERFORD.

Mrs. Mary Ann (Irish) Rice.

Mrs. Mary Ann (Irish) Rice was remarkably well preserved, and was a woman of great natural ability and sound judgment.

She was a great reader always choosing the best, and until the day of her death it was a pleasure to hear her read aloud, and listen to her comments as she read. Her hands were never idle, and long before the village was awake she was up busy at work.

One of her greatest pleasures was to entertain, and friends and strangers far and near can testify to her gift as a hostess. She was ever the friend of children and kept her heart and mind young by mingling with young people and taking a share in their interests. She was the wisest of counselors, ever gave the best of advice and never betrayed a confidence. Her mind was above neighborhood gossip and she defended her friends in their absence with all the power of her nature.

In her early life she taught school and often spoke with pride of those whom she had instructed. In the busy years of her life she delighted in committing fine poems to memory, one of her favorites being Thanatopsis, which she could repeat from the beginning, and the closing words came to the mind of the writer as we gathered around the open grave:

"Like one who wraps the drapery of his couch about him,
And lies down to pleasant dreams."

We shall miss the familiar face and the cheery greeting, but she has only gone to a higher life with new lessons to learn and new activities in which to engage, and we who remember that she never spoke of her own infirmities and physical suffering, should take heed that our conversation should be uplifting and our daily walk an example for others.

May Term Supreme Court.

The suit of Leon LaPierre against the town of Mexico occupied nearly two days of the court last week. It was an action for damages on account of not providing a sufficient water drainage, so that plaintiff's land would not be flowed. The jury returned a verdict for the town.

The next case to be tried was the Railway Publishing Co. against Weston N. Toothaker. It appeared in evidence that an agent of the company, with a sample, canvassed the place here for a work on railroading, and defendant, an engineer, purchased a set to be paid in installments. When he came to examine the work he claimed it was not up to date, and he repudiated the contract, though it was some time after. Engineers testified that the work was not up to date. The contract contained a provision that no verbal statements of the agent should vary the terms of it. The court ruled that where one sells by sample, the goods must correspond to it and if they do not the vendee within a reasonable time could rescind the contract or recoup in damages, and thus lessen the amount to be paid. This was not argued by counsel and the jury evidently did not understand it for the foreman, after the jury had deliberated for some time, sent in a request asking whether they could reduce the amount claimed and the court answered yes, yet the jury returned a verdict for plaintiff about 7 p. m. for $36 at amount claimed.

The suit Henry E. Hale against O. A. Tracy was commenced before a drawn jury of which Jerry H. Martin, esq., was appointed foreman. The plaintiff is a real estate agent at Rumford Falls. The defendant, who lives in Peru, had a farm which he desired to sell and he called on the defendant for the purpose of having it disposed of through his agency. The plaintiff testified that the terms were that the sale should be effected for $2000, one-half cash down, and that the agent was to have $100 commission. He advertised the place and found a customer but the defendant refused to sell, and suit was brought to recover the $100 which plaintiff claims is his due.

The jury in the Hale-Tracy case returned a verdict for the plaintiff for $15. He claimed $100.

The suit Susan H. Whitney against Marshall S. Whitney was tried. This action was brought to recover certain rents and profits of a farm in the northern part of this county. It appeared in evidence that these parties had been divorced on the petition of the wife and under the law she was entitled to the rents and profits in certain real estate which the husband owned at the time the divorce was granted.

After the evidence for the plaintiff's side had all been introduced, Mr. Swasey, counsel for the defendant, moved for a non-suit, on the ground that no demand, as required by law, had been made on his client and in consequence this suit could not be maintained. The court sustained the motion and the plaintiff's counsel, Judge Manser, filed exceptions, which were allowed.

Motions for new trials have been filed in La Pierre against the town of Mexico: Steinfeld against Girard, and Railway Publishing Company against Toothaker

Divorces granted: Minnie B. Loring from Frank M. Loring for cruel and abusive treatment. Custody of minor child given to the mother.

Mary L. Dow from Beecher Dow for cruel and abusive treatment and gross and confirmed habits of intoxication.

Mertie E. Dorrington from George Dorrington for cruel and abusive treatment and neglect to support.

Forty five entries have been made of civic cases this term of which Gleason & Blanchard have seven, Herrick & Park five, Swasey, A. E. Stearns and A. H. Hastings four each, and McCarthy three. Bisbee & Parker enter only one action.

Court Notes.

The court drags its slow length along, to the great displeasure of the clerk, who thinks the business of the term might be done in half the time and expense that it is taking and making. He has such faith however in final adjournment on Wednesday that he has engaged Harry Elliott to take him in his auto to Bryant's Pond on that day, in time to board the afternoon train home.

Uncle Henry E. Hammond, the court crier, has rapidly gained in health since coming over here. He is now as vigorous as ever. He is the most talked about man in attendance on the court. Mr. Hammond likes to go to a circus. Last Wednesday one came into the place and he could not resist the temptation to attend. He saw an elephant that is said to weigh some 700 pounds more than Jumbo.

OXFORD.

Ate Ten Gallons of Ice Cream.

The entertainment given Friday evening by the pupils of the graduating class '07 of Oxford High school was a success in every way. The play, "That Tomboy," was very interesting and each one took their part in a most commendable manner. The interest of the large audience present was kept up to the end, and nothing but praise, which was well deserved, was heard from any one. The dance which followed was well attended and it was well into the small hours of the morning when the final strains of "Home Sweet Home" were heard. The class added $40 to their fund to help meet their graduating expenses, June 14th. After the drama and during the dance our hustling drug clerk, T. Richard Pye, served ten gallons of Jones' choicest ice cream.

Eben York left, Sunday, with one of Charles Davis' teams to work grading on the electric railroad at Minot Corner. Mr. Davis now has two teams at work and will add two more shortly.

Charles Lovejoy, who recently sold his property on Fore street, has bought Edwin Parrott's place on High street. The sale of both places was brought about through the Hazen real estate agency.

George Hazen is making extensive repairs on his steamer. Upon a careful examination he found several ribs and planks that were worn out and needed to be replaced. Clinton Bumpus is doing the job.

There was no morning service at the Methodist church, Sunday, as members of both churches united in a Memorial service at the Congregational church. The Memorial sermon was delivered by Rev. Frederick Newport. Members of the G. A. R. and Woman's Relief Corps attended in a body.

Mrs. Georgie Wardwell from Auburn and eight lady friends were the guests of Mrs. Wardwell's parents, Mr. and Mrs. John W. Chadbourne, Saturday and Sunday. The party spent most of their time at the camp of W. R. Farris on Lake Thompson. Their time was most agreeably spent in boating, fishing and tramping in the woods. The word to break camp came all too soon, and the merry party returned to their homes, vowing they had enjoyed a most pleasant outing which would be repeated later in the season.

The work of clearing up the burnt district is going rapidly on. F. H. Ricker's new store is to be ready for occupancy Aug. 1. Whitney's saw mill is going right up. The Odd Fellows will put up a larger building than the old one, and it is said that Jordan & Kneeland and C. W. Jackson will put up stores with tenements above.

We notice the ADVERTISER is an advocate of good roads and some of the business men of Harrison have asked me to ask if you wouldn't say something in the paper about the strip of road between Harrison and Norway which belongs to the town of Otisfield. It is always bad and this spring worse than usual. We like to have our carriages bright and shining when we go to Norway, but it is impossible when we have to plow thro' mud half-way to the hubs; in fact it spoils the pleasure of an otherwise pleasant drive and the more we go Bridgtonward instead. Otisfield takes no interest in it because they don't travel it, but it would seem that there should be some way of making it passable.

The village schools are temporarily suspended owing to the scarlet fever of which there are a few cases.

Wilson Walker will move to Bridgton this week where he is to take charge of the bakery. Rev. Mr. Wakely will occupy his rent.

F. H. Ricker began work Saturday on the foundation for his new store which will be erected on his lot where his other store was situated. H. F. Proctor, the contractor, will do the work. It will be ready to occupy by Aug. 1.

On June 11th at the Grange hall the music loving public will have the privilege of hearing one of the best concerts ever given in Harrison. To those who have heard Mr. Holding in the past will be glad to hear him again as he has been abroad since his last appearance here and the opinion at that time was that he was an artist of the first rank. It was with much difficulty that Mr. Holding could be secured, but fortunately the date was an open one with him. Ada May Holding, the talented young singer, is spoken of as being one of Lewiston's best and will assist in making the program of the highest order. Ella Louise Hill, the talented reader, is too well known to the public to need an introduction. Miss Hill has read at the Norway Festival chorus concerts and has received the best of congratulations. Mabel Johnson, the pianist, will be soloist as well as the accompanist. To those who had the privilege of attending the Foster concert at Norway in March and hearing Miss Johnson will be only too glad to hear her again at the piano. The price of admission is within the reach of every one. Concert will be followed by a grand ball, music by Lamb's orchestra, assisted by Mr. Holding.
